

FREEDOM

BATHROOM DESIGN COLLECTION

“LIBERTÀ NELL'ARREDARE”

Il nuovo programma FREEDOM ha il chiaro intento di elevarsi a collezione di design e riassume in modo piuttosto esaustivo i temi fondamentali del concetto più attuale di arredo bagno. La proposta delle finiture, sia in legno che dei laminati si è ulteriormente implementata, le finiture dei laccati sono state riviste grazie all'aggiunta di nuovi colori. Sono state introdotte ulteriori tipologie di top come i nuovi top lavabo in Ocritech, oltre che i laminati HPL stratificati cuore nero e il FENIX, con i quali possiamo realizzare oltre ai top lavabo anche i frontali dei mobili, per dare un abbinamento e una continuità di finitura e colore unica. Le proposte fotografiche introducono una novità stilistica all'interno della collezione, grazie anche all'introduzione di nuove forme, elementi e materiali inediti.

“FREEDOM TO FURNISH”

FREEDOM is a new programme which has the very clear intention of elevating furniture design to such a comprehensive level of what the bathroom needs. The proposal of finishes, both in wood and laminates, has been further implemented, the lacquered finishes have been revised thanks to the addition of new colors. Additional types of tops have been introduced such as the new Ocritech washbasin tops, as well as black heart stratified HPL laminates and FENIX, with which we can create not only the washbasin tops but also the fronts of the furniture, to give a combination and continuity of unique finish and color. The photographic proposals introduce a stylistic novelty within the collection, thanks also to the introduction of new shapes, elements and unpublished materials.

FREEDOM

BATHROOM DESIGN COLLECTION

FREEDOM LINEARE

Attrezzare il bagno con dei mobili capaci di unire design e funzionalità è indispensabile per creare un ambiente fruibile e dall'estetica curata. Abbiamo avuto cura di migliorare ogni aspetto di questi mobili aggiungendo inoltre nuovi elementi e finiture. Un programma dunque rivitalizzato, ricco di idee e sempre fedele al nostro modo di interpretare l'arredobagno. La funzionalità deve essere assoluta ma deve al contempo collaborare ad aggiungere un tocco di stile in più all'ambiente. I modelli di mobili bagno FREEDOM sono tantissimi e speriamo possano tramutarsi nella realtà delle ambientazioni.

Equipping the bathroom with furniture that combines design and functionality is essential to create a usable and aesthetically pleasing environment. We have improved every aspect of this furniture while also adding new elements and finishes. A program therefore revitalized, full of ideas and always faithful to our way of interpreting bathroom furnishings. Absolute functionality that, at the same time, adds an extra touch of style to the room. There are many FREEDOM bathroom furniture models and we hope they can turn into the reality of settings.

FREEDOM

BATHROOM DESIGN COLLECTION

FREEDOM CURVO

Le sale da bagno possono essere arredate in tanti modi diversi in base al proprio gusto. Spesso si opta per composizioni semplici che esaltino il senso di ordine e pulizia, cercando di sfruttare al meglio lo spazio disponibile. Che si tratti di un pensile o di un mobile a colonna, una composizione con lavabo o uno scaffale a giorno, il mobile da bagno va scelto tenendo conto dello spazio a disposizione e del design del mobile stesso. Composizioni di varie forme, stile e materiali consentono, in base allo spazio disponibile e alle esigenze personali, di personalizzare al massimo il bagno e, volendo, di coordinarne lo stile con il resto dell'abitazione, richiamandone finiture e colori. I mobili della serie FREEDOM CURVO con le loro linee e moduli rientranti permettono di ottimizzare al meglio lo spazio e di inserirsi anche in contesti meno ampi, laddove vi è necessità di variare e ridurre le profondità d'ingombro del mobile senza rinunciare mai alla capienza.

Bathrooms can be furnished in many different ways according to one's taste. People often opt for simple compositions that enhance the sense of order and cleanliness, trying to make the best use of the available space. Whether it is a wall unit or a tall cabinet, a composition with a washbasin or an open shelf, the bathroom furniture should be chosen according to the available space and the design of the furniture. Compositions of various shapes, styles and materials allow, depending on the available space and personal needs, to customize the bathroom to the maximum and, if desired, to coordinate its style with the rest of the home, recalling its finishes and colors. The furniture in the FREEDOM CURVO series, with their lines and recessed modules, make it possible to optimize space to the fullest and also fit into smaller contexts, where there is a need to vary and reduce the overall depth of the furniture without ever giving up capacity.
